

## AP 2-D Art/Drawing – Class Syllabus

Mr. Leon

### **Dear Parents/Guardians and Students:**

Welcome to the 2024-2025 school year. My name is Mr. Leon, and I will be your child's art teacher. It is my goal not only to be a mentor to my students but to give them the proper tools they need to succeed. They must understand the purpose of AP 2-D Art as an elective subject in school and how it is used in the real world and affects our daily lives. Suppose the student, parents, and the teacher work together. In that case, we can reach our goal of providing a quality education to our students and empowering them with the knowledge necessary to succeed. In my classroom, the students earn grades and achieve their goals. The students are now entering a phase where they must become responsible for their actions and control their future. I am simply a mentor and facilitator to their success. I am always available to answer any questions or concerns you may have. We will have a fruitful and wonderful school year!

If you need to contact me, please feel free to call the school or email me at [dleon@coheaedu.com](mailto:dleon@coheaedu.com)

The syllabus agreement forms and all other documents must be turned in for a grade by the next class.

### **Advance Placement 2-D Art/Drawing - Course – Overview**

This full-year course was developed to accommodate students who have demonstrated a strong interest and commitment to excel in artworks in the visual arts field. These students will complete an AP 2-D Art and Design portfolio, developing their voice. Mastery of concepts, composition, execution, varied art mediums, mixed media, themes, ideas, subject matter, and content is an expected outcome. Students will understand that creating and developing art is a constant, ongoing activity that involves personal decision-making. Students will know that for their artwork to achieve quality in concept, composition, and execution, it includes much risk-taking, experimenting, and research. Oral and written critiques will be integral parts of this course. All students will submit a portfolio at the end of the course that has followed the AP Art and Design Portfolio Submission requirements. With direct teacher instruction, the emphasis will be placed on the development of the AP Portfolio. The students will complete both sections (Sustained Investigation and Selected Work Quality Section) of the portfolio.
